

Dear Senator

As the UIGHUR ACT comes back to the Senate after amendments in the House, we ask you to support its passage with the strongest possible language that is **acceptable to both the House and Senate before the end of this year**. Please ask Senator McConnell to pass the UIGHUR ACT 2019.

We appreciate the work that you have put into furthering Human Rights issues in different parts of the world and in the United States. We believe that, as Americans, we have a moral obligation to influence and encourage other countries using all means that are available to us. A peaceful world should be the concern of us all.

The Uighur minority community has been subjected to unthinkable human rights abuses, including forced labor and arbitrary detention into what can only be described as concentration camps. The recent passage by the House of the Uighur bill is very welcome. We urge quick action by Leader McConnell, Chairman Crapo, and Chairman Risch, who have the support of Senators Rubio and Menendez and Senators Cornyn and Warner.

The Uighur and other persecuted minorities cannot wait any longer, and need action from us in the free world to force the Chinese to stop this persecution.

Sincerely,

Hena Zuberi
